

is a non-Profit association run by volunteers, striving to provide affordable sports opportunities for the kids of Kindersley and surrounding area. Our programs include minor ball, power skating, minor hockey and a skating club.

The objective of the Kindersley Minor Sports executive is to level the playing field for all programs involved in the association. The executive is a group of unbiased individuals who seek to make decisions that will affect the entire association in a positive manner. All decisions must be made with the ultimate goal being the improvement of programs that directly benefit children. No one program is deemed more important than the other and it will be absolutely necessary for all programs to support each other and work together for the betterment of the association as a whole. Although programs may run differently the protocol and financial accountability will remain consistent.

The KMS executive is the body that approves suggestions and recommendations from the program boards. Any recommendation may come to the executive on behalf of a program board. That recommendation must be brought by the program president as an approved motion by the entire program board before the executive will decide on the matter. Such matters for the executive to make decisions on are financials matters, disciplinary matters, constitutional matters, protocol matters, etc. If the decision of the executive is not acceptable to the proposing program board then an appeal may be made by that board to be rediscussed at the next executive meeting. No one individual may speak on behalf of a board or of their own volition. Any matter that is brought to the executive level must be done so through the program board's president, and that program board being fully aware of the particular matter.

The decision of the KMS executive is final and is only subject to further question by the Director of Leisure Services. The Director of Leisure Services is to communicate directly with the President of KMS and support the decision of the executive so the integrity of the executive will be upheld.
